

SHERFIELD SCHOOL

Information and Records Retention Policy

Created	April 2018
Date Reviewed	July 2021
Annual review	July 2022
Headmaster	Nick Brain

Introduction

1. This policy sets out a structured approach to reviewing and destroying records in relation to Sherfield School (the **School**).
2. The retention period for each type of record is shown in the table below. In addition, data protection legislation makes it unlawful to keep the information when it is no longer needed for the purpose for which it is held. This requirement is uncertain and allows discretion and may vary according to the circumstances, but in practice it means that the School should promptly destroy the record once the retention period in the table below has been reached. Occasionally there may be special circumstances which mean that a record should be kept for longer (for example where there is a risk of litigation or a request from an outside body such as the Independent Inquiry into Child Sexual Abuse (IICSA) see below. The School should refer to its insurance policies and further legal advice should be sought in these circumstances.
3. Information must be securely deleted. This applies to paper records, electronic information and biometric information.
4. This policy does not apply to records connected with commercial activities.
5. The School will discuss document retention with its insurers (who may specify longer retention periods). If there is any conflict then any longer retention periods specified by the insurers should prevail.
6. If an email falls into one of the categories set out in the table then it should be filed centrally as soon as is reasonable.
7. "Routine" emails which do not fall into any of the categories in the table may be kept in inboxes for up to [• six months] and should then be deleted. An examples of a routine email is an internal email advising staff that the weekly meeting is cancelled.
8. Independent Inquiry into Child Sexual Abuse (**IICSA**):
 1. The IICSA has issued retention instructions to a range of institutions regarding records relating to the care of children. In light of this, we are advising schools to temporarily cease the routine destruction of those records which might be relevant to the Inquiry in case they are requested by the Inquiry or made subject to a disclosure order. This means that before destroying **any** document the School should consider if it contains information that may fall within the Inquiry's remit.
 2. The range of documentation which might need to be kept is wide. It will include any information linked to alleged or established child sexual abuse, whether by staff, volunteers or pupils with no limitation date. For example, a list of pupils who attended an overnight school trip or admission registers which show which pupils were at the School at a given time. As such, documents should be kept for longer than the retention periods listed in the policy if they concern information which might be relevant to the Inquiry. The School should therefore review the

retention periods under **each** of the rows below in case they are relevant to IICSA.

- Please note that the School should keep this under review so that it recommences document destruction at the appropriate time.

	Record	Retention period	Action at the end of the retention period	Retention period required by law?
1.	Pupils
